**GOVERNMENT'S MOTION TO SEAL
MOTION TO EXCLUDE IMPROPER PHARMACOLOGY TESTIMONY BY
DR. FARR**

The United States moves to seal its Motion to Exclude Improper Pharmacology Testimony by Dr. Farr. Local Rule 8.1 states that it is the policy of this District Court to allow any party to file a document under seal. The Court can subsequently decide precisely how long a sealed filing will remain under seal.

The parties in this case have filed various documents under seal, most notably those related to disputes over the admissibility of materials provided in discovery. The above-referenced motion refers to materials in sealed motions. Pending resolution of the government's motion *in limine* on inadmissible character evidence, the government seeks to file under seal the above-referenced motion to exclude.

Respectfully submitted,
